

# Leaf guard Method 1

## Part: FG RDGG

**Cut Pvc Strips 3/4" X 3/8" with table saw**

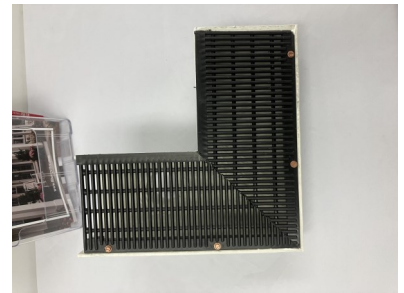

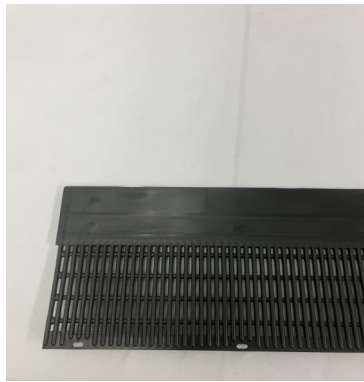

**Determine best leaf guard width. (If possible just cut to gutter depth G-90 is 4-7/8" G-60 is 4") (Applications may vary depending on drip edge)**

**Sand inside lip of gutter**

**Run bead of gutter glue in middle of inside gutter lip**

**Clamp strips with spring clamps till dry (about 10 minutes depending on temperature)**

**Install leaf guard**
